Forecast for Sunday 24 Apr 2022

Weather: Dry with mainly clear skies overnight. However, low cloud and mist could become extensive around the Ben Wyvis area and north to Ben Hope. This low cloud and mist should clear during the morning, otherwise dry and bright with good sunny spells. Dry and mostly clear in the evening, perhaps more extensive cloud returning to the far north and east.

Chance of cloud-free hill tops above 800m: 90%, but 30% early and late in the day across the east and far north

Low cloud and visibility: Mostly no significant cloud, but occasional or extensive cloud at first (and perhaps late in the day) around the Ben Wyvis area and north to Ben Hope, base 300m or less. Visibility mainly very good, but poor or very poor in any low cloud.

Met Office Aberdeen Meteorologist's View
Nothing further to add.

Forecast for Monday 25 Apr 2022
Weather: Patchy low cloud and mist possible overnight in the north and east, this lifting and clearing during the morning or early afternoon. Otherwise dry with sunny or clear spells, great conditions again across Skye, Torridon and Knoydart.

Maximum wind: East 10mph.

Chance of cloud-free hill tops above 800m: 90%, but 30% in the north and east early in the day.

Low cloud and visibility: Mostly no significant cloud, but occasional or extensive cloud at first around the Ben Wyvis area and north to Ben Hope, base 300 to 600m. Visibility mainly very good, but poor or very poor in any low cloud.

Temperature: **Glens:** Plus 2 Celsius rising to 16 Celsius
At 800m: Zero Celsius rising to 6 Celsius in the afternoon.
Freezing level: Around 600m overnight, soon rising above the summits during daylight hours.
